INTRODUCTORY COMMENTS

This communication is fully responsive to the Office Action set forth above, in which claims 18, 19, 22-28, 34 and 35 were pending. In that Office Action, the Examiner rejected claims 18, 19, 22-23, 25-26, 28, and 34-35, and objected to claims 24 and 27.

By this Amendment and Response, claims 18 and 23 have been amended to more particularly point out and distinctly claim the subject matter of the present invention. Additionally, claims 24 and 27 have been cancelled, and new claims 36 and 37 have been added and correspond to claims 24 and 27, respectively, rewritten in independent form including all of the limitations of the base claims and any intervening claims. Claims 18, 19, 22-23, 25-26, 28 and 34-37 are currently pending. Reconsideration and allowance of the pending claims in view of these claim amendments and the accompanying Remarks is respectfully requested.
